## Message from Coach KJ

I would like to thank Camden CC, Board of Directors, tennis committee, and members for being a part of an amazing 6 years here. I chose Camden over other places specifically because of the wonderful members and beautiful club. It is very sad to leave all our great families and junior players, but I felt like the timing was right to turn over the keys to the program to another capable tennis professional. Over the past few years various job opportunities have come my way, but each time my connection with the junior players and their development kept me here. This decision was extremely difficult and took a long time to come to terms with it. The tennis program is the strongest it has ever been. Camden CC and the tennis program I hope are in a better place today than the day I was hired. I truly cannot thank the families who have made living and working in Camden so enjoyable. The Club President and board will be working over the next month to begin the process of finding another great professional to continue what has been started. I will still be in and around Camden till June of next year as Alexis is due with our 1st child in February and she will finish out the school year! I will be flying back in on weekends until we can pack up our house and move in June. We loved our time in Camden, and everyone will be missed.

Sincerely,  
KJ
